***Please support our  
GOP Candidates***

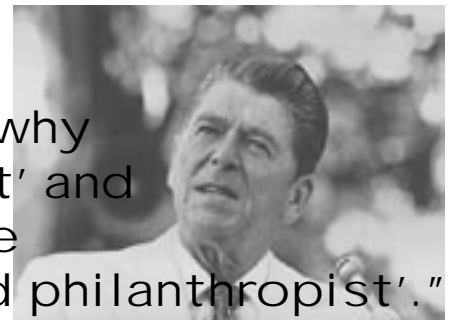

In the last decade, we've been fortunate enough to build the Ohio Republican Party into one of the most successful state party organizations in the country, winning every statewide office on the ballot since 1994 and more than 65 percent of all county elective offices.

One of the keys to our success at the ballot box is candidate training. We win elections because we take the time to identify strong candidates, educate them on running aggressive campaigns and invest in the county party organizations that provide their support.

Victory on Election Day starts with understanding the basics of grassroots politics. A candidate for local office needs to know everything from how to write a campaign plan and raise money to how to deal with the media and turn out the vote. Whether you are considering a run for office or simply hoping to learn more about running a campaign, there is no better resource than to attend our annual campaign college.

Taught by Ohio's top Republican campaign strategists, this incredible seminar offers a lifetime of information for a day's worth of your time. It's an investment you will not regret!
